

Oktober
2011

Since we founded the Pretoria Branch on 13 October 2011, we have already celebrated our first birthday! It has been a year filled with relevant and informative lectures and a workshop for the Multi-disciplinary team.

Die Bestuurskomitee gaan binnekort die Program vir 2012 opstel. U word vriendelik uitgenooi om voorstelle vir lesings en ander aktiwiteite aan die Sekretaris, Anneke Liebenberg, te stuur.

Is Omgee Voldoende vir die Versorging van Ouer Persone?

'n Uitnodiging gerig aan die Multi-dissiplinêre Span
Vir meer inligting, skakel Dr Malan 012 991 3853.

ARE 40% OF PERSONS OLDER THAN 80 PSYCHOTIC?

SAGA put this question to dr. Felix Potocnik, a very prominent geriatrician and psychiatrist with intensive knowledge of the subject. This is what he replied:

The 40% may be a misrepresentation. Between 20-40% of older persons may suffer from psychiatric impairment; mostly sleep disorders, effected activities of daily living, bodily/somatic complaints, subjective memory disturbance, confusion and so on. Recent studies in Europe indicates that dementia and Alzheimer's disease has become more prominent because of greater awareness of these conditions and the need for special care programs.
